

Product list UN-certified packaging for Lithium Batteries

CarePack Holland BV is specialist in UN approved packaging for transport of dangerous goods. We supply a wide range of UN approved packaging solutions.

We supply UN-certified packaging for lithium batteries in 3 standard sizes to be used with bubble wrap and 1 standard box with stretch film inner construction. The standard boxes are suitable for both Lithium Ion and Lithium Metal Batteries and can be used for all modes of transport.

Art.no.	Outer dimensions in mm.	Gross Weight 4G/
960	250 x 145 x 145	X13
965	350 x 200 x 200	X13
970	450 x 300 x 300	X13
94920	500 x 260 x 120	X8

Labels, antistatic PE-bags and bubble wrap can be ordered separately.

Additional to the standard sizes we supply tailor made UN-fibreboard boxes, which will be developed and based on your battery sizes, weight and specifications and preferred filling material. We take care of the whole process of designing, printing, testing and the certification of the box.
