

Product list UN approved plastic transport boxes

CarePack Holland BV is specialist in UN approved packaging for transport of dangerous goods. We supply a wide range of UN approved packaging including UN approved plastic boxes.

For distributing chemicals CarePack Holland supplies two kinds of UN certified plastic boxes (4H2): stackable or nestable boxes. These packaging are re-usable and can easily be opened and closed. The boxes with a hinged lid are locked with a triangular key.

The transport boxes are additionally tested with inner packaging including bottles, jars, jerricans or aerosols and are available in different standard sizes. To fix the inner packaging we supply inner constructions, foam and other filling material.

Art.No.	Outer dimensions in mm.	Inner dimensions in mm.	Type of lid closure
36-204-GGVS	400 x 300 x 235	355 x 255 x 177	straps
